LinkedIn | GitHub | LeetCode | Codolio

Summary

Computer Science undergraduate with a strong foundation in Data Structures, Algorithms, Object-Oriented Programming, and DBMS. Solved 100+ problems on LeetCode with consistent practice in Arrays, Strings, Trees, and Dynamic Programming. Built and deployed 2 full-stack web applications, including an NLP-based sentiment analysis tool with multi-layer emotion detection. Seeking a Software Engineering Internship to apply strong problem-solving skills and contribute to large-scale, high-impact systems.

Education

Galgotias University, Greater Noida, Uttar Pradesh

2024 – 2028 (Expected)

B.Tech in Computer Science and Engineering

Current CGPA: 8.54

Technical Skills

Languages: Java, Python

Frontend: HTML, CSS, JavaScript, Responsive Web Design

Database: MySQL, SQL

Tools: Git, GitHub, VS Code

Coursework: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems

Projects

EmotiScope – AI Sentiment Analyzer (Live — GitHub)

February 2026

Tech Stack: HTML, CSS, JavaScript, NLP

- Developed an AI-powered sentiment analysis web application that classifies text into Positive, Negative, and Neutral sentiments.
- Implemented emotion detection with support for sarcasm detection, toxicity analysis, slang recognition, and emotional intensity analysis.
- Designed a responsive and intuitive user interface for real-time sentiment visualization.
- Built to help businesses analyze customer feedback and monitor brand reputation.

SheCycle – Period Cycle Tracker (Live — GitHub)

November 2025

Tech Stack: HTML, CSS, JavaScript

- Developed a responsive menstrual cycle tracking web application with a clean and user-friendly interface.
- Implemented cycle tracking, period prediction, health tips, and wellness resources.
- Optimized the website for mobile responsiveness and cross-browser compatibility.

Achievements

- Winner – Dexterix 5.0 Hackathon (Best All-Girls Team).
- Qualified Round 1 – Smart India Hackathon (SIH) with a team project proposal.
- Participant – IEEE Women in Engineering (WIE) Hackathon, awarded a participation certificate.

Virtual Experience & Certifications

- Deloitte Australia – Data Analytics Job Simulation (Forage) – Completed a virtual job simulation involving data analysis, data visualization, and business insights using Excel and Tableau.
- Oracle Database Programming with SQL – Oracle
- Smart India Hackathon (SIH) – Participation Certificate
- IEEE Women in Engineering (WIE) Hackathon – Participation Certificate
